

Employer's report of Virtual internship (Dates:.....)

What is the main activity of your organization and how many employees does it have?

What did the hiring process for this virtual placement look like? Was it different from hiring traditional students?

What is according to you the added value of the implemented virtual mobility activities?

What are the downfalls of the implemented virtual mobility activities? How can they be solved in the future?

How was your experience with using the technology? (Preparation? Prior experience? User friendly?)

Did the student manage to perform the tasks for the company in a satisfactory way? Why? Which role did technology play in this process?

Did you feel the experience was international? Explain.

Would your organization participate in these types of international work placements again? Why (not)?

Under which conditions could virtual work placements be incorporated as 'regular' types of work placements in your organization ?

Could virtual international work placements in the long term replace traditional work placements in your organization?

Did you feel the student was truly a part your organization? Why (not)? Which role did technology play in this part?

Did you trust the student in performing the tasks? Why (not)?

How would you describe the relationship between the student and the contact person in the organization?
