

Student's report of Virtual internship
(Date:.....)

What is according to you the added value of the implemented virtual mobility activities?

What are the downfalls of the implemented virtual mobility activities? How can they be solved in the future?

Did you reach your learning goals? (How) did the technology support you in reaching these goals?

How was your experience with using the technology? (Preparation? did you have prior experience? User friendly?)

Were you motivated before and during the placement to bring the placement to a successful end? Did the motivation increase or decrease? Why? Which role did technology play in this process?

Did you manage to perform your tasks for the company in a satisfactory way? Why? Which role played technology in this process?

Did you feel the experience was international? Did you develop 'intercultural competence'? Explain.

Would you advise future students to participate in these types of work placements? Why (not)?

Did you feel you were truly a part of the organization you were working for? Why (not)? Which role did technology play in this part?

Did you feel a sense of responsibility towards the organization? Why (not)?

How would you describe your relationship with your contact person in the organization?
